The insightful Jo Bante often made significant and needful suggestions for making the AIBMH more field-relevant. Days spent reworking the SFD chapter with eyes of expertise from Martin Maricle and Rocky Ansell provided us with a much better product. Gratitude for time spent reviewing chapters, pointing out errors, and suggesting improvements goes to Michelle Demaline, Dawn Sloan, Radonna Turner, Joanne Singer, Sandy Gabbard, Lex McKenzie, Sue Clark, Rocky Ansell, and Monika Kurber. And last but certainly not least, for great patience and attention to detail, I'm ever grateful for Jacquelyn Bailey's ability to pull it all together. Thank you so much.
